BUSINESS OWNER EQUITY FORM INFORMATION

WHAT IS THIS FORM?

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

WHO HAS TO COMPLETE THIS FORM?

This form must be completed by the person opening a new account on behalf of a legal entity with any of the following U.S. financial institutions: (i) a bank or credit union; (ii) a broker or dealer in securities; (iii) a mutual fund; (iv) a futures commission merchant; or (v) an introducing broker in commodities.

For the purposes of this form, a **legal entity** includes a corporation, limited liability company, or other entity that is created by a filing of a public document with a Secretary of State or similar office, a general partnership, and any similar business entity formed in the United States or a foreign country. **Legal entity** does not include sole proprietorships, unincorporated associations, or natural persons opening accounts on their own behalf.

WHAT INFORMATION DO I HAVE TO PROVIDE?

This form requires you to provide the name, address, date of birth and Social Security number (or passport number or other similar information, in the case of Non-U.S. Persons) for the following individuals (i.e., the **beneficial owners**):

- (i) Each individual, if any, who owns, directly or indirectly, 25 percent or more of the equity interests of the legal entity customer (e.g., each natural person that owns 25 percent or more of the shares of a corporation); **and**
- (ii) An individual with significant responsibility for managing the legal entity customer (e.g., a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, or Treasurer).

The number of individuals that satisfy this definition of “beneficial owner” may vary. Under section (i), depending on the factual circumstances, up to four individuals (but as few as zero) may need to be identified. Regardless of the number of individuals identified under section (i), you must provide the identifying information of one individual under section (ii). It is possible that in some circumstances the same individual might be identified under both sections (e.g., the President of Acme, Inc. who also holds a 30% equity interest). Thus, a completed form will contain the identifying information of at least one individual (under section (ii)), and up to five individuals (i.e., one individual under section (ii) and four 25 percent equity holders under section (i)).

The financial institution may also ask to see a copy of a driver’s license or other identifying document for each beneficial owner listed on this form.

METRO Business VISA® Debit Card Agreement

Accounts Subject to Use: The METRO Business Debit Card is a debit card offered in affiliation with VISA® and STAR® and issued by the METRO Federal Credit Union (here in after referred to as METRO) to access your Business Share Draft account. You agree that it will only be used for Business purpose transactions. You further agree that the METRO Debit Card will be used with your designated deposit account(s) in the manner described in this agreement and in accordance with METRO's "Account Agreement". You agree to update METRO in writing whenever there is a change of signatories or cardholders for you Business Share Draft Account. If the business owner authorizes the issuance of an METRO Debit Card for a particular account, all transactions using that card are authorized debits from the account, regardless of whether the card user complies with the "business purpose" limitation on transactions, or not. METRO FCU has no duty or obligation to audit transactions in an effort to ascertain whether particular transactions are, or are not, for business purposes. The business member assumes sole risk that the METRO Debit Card might be used for transactions other than business purposes, and that the account will be debited for all such transactions.

Use of Personal Identification Number (PIN): You understand that STAR®, CO-OP®, VISA® or ALLPOINT® are registered names and used in conjunction with an ATM. You acknowledge that the PIN, which is individually assigned to each METRO Debit Card issued, serves as your signature, identifies the bearer if the METRO Debit Card to STAR® or other network ATMs and authenticates and validates the directions given, just as your actual signature and other proof identify you and validate your direction to a human teller. You also understand that a merchant that accepts the METRO Debit Card for a purchase transaction may also have an electronic terminal. (Merchant operated or self service) which requires the use of your PIN to similarly authenticate and validate the directions given METRO via the merchant. You acknowledge hereby that your PIN is an identification code that is personal and confidential and that use of the PIN with the METRO Debit Card is a security method by which METRO is helping you to maintain the security of your account(s). Therefore, YOU AGREE TO TAKE ALL REASONABLE PRECAUTIONS TO ENSURE THAT NO ONE ELSE HAS ACCESS TO YOUR PIN.

General Provisions: The METRO Debit Card is not transferable. If you (or any Cardholder) give your card and PIN to someone else to use, you are giving them the right to obtain payment from your designated account for any transaction and any related fee. Stop payments are not applicable to transactions initiated with an METRO Debit Card. If there are not sufficient funds in your account, METRO may charge an overdraft fee for each transaction it is unable to process. METRO reserves the right to use any account funds you have on deposit for payment of METRO Debit Card transactions, but is not required to do so. You, and those you have authorized, may use the METRO Debit Card with the individually established PIN at a STAR® ATM to: (1) withdraw cash from your designated deposit account up to a \$500.00 daily limit unless individual ATM owner/operators have established a lower limit for security purposes, (2) effect transfers to and/or from your accounts, (3) make deposits to your account(s), (4) receive information regarding the balance in your account, and (5) such other transactions as may become available at a later date. You may also use ATM's throughout the United States and certain foreign countries which bear the VISA®, CO-OP®, STAR®, OR ALLPOINT® systems name and if compatible, at ATMs owned by other organizations or other systems. Available services may differ and other restrictions and service charges may apply at ATMs not owned by METRO. Up to the limit specified in your application, per day, your METRO Debit Card may be used to: (1) purchase goods and services in person from merchants, (2) receive cash back from the transaction if the merchant permits, and (3) purchase goods and services via the internet or telephone by providing the VISA® affiliations, METRO Debit Card number and expiration date. For merchants who participate in the STAR® network, transactions may be PIN based or signature based for those offering a VISA® affiliation.

Documentation of Transactions: You agree to instruct your cardholders to request receipts from ATMs and from merchants for each transaction. Most internet merchants allow you to print a purchase confirmation, which serves as your receipt. We will send you monthly account statements which will include a record of all card transactions made during the statement cycle. You should promptly compare your METRO Debit receipts to your account statement for accuracy. You must report any discrepancies to us within 60 days of receipt of your statement, or you will lose your rights to claim errors or fraud.

Foreign Transaction: If the cardholder engages in an international transaction using METRO BDC, if currency conversion is necessary, then the exchange rate between the transaction currency and the billing currency used for processing international transactions is a rate selected by VISA® International from the range of rates available in wholesale currency markets for the applicable central processing date, which rate may vary from the rate VISA® International itself receives or the government mandated rate in effect for that applicable central processing date. The determined conversion result will be charged. A VISA® International Service Assessment (ISA) fee of one (1.0%) percent of the transaction will also be charged regardless of the need for currency conversion or not.

METRO Business VISA® Debit Card Agreement

Authorizing Officer/Individual and Guarantor: By signing below, the business entity and its Authorizing Officer(s) agree and acknowledge: that all information provided with this Application and Agreement is correct, that METRO may investigate and exchange reports on the Authorizing Officer(s), Individual(s) and the business, with credit reporting agencies and others, that the METRO Debit Card and accounts will be used for business purposes only, the acceptance of all terms and conditions of this Agreement, as specified above, and those included in METRO's "Terms and Conditions" and "Funds Availability Disclosure", copies of which are provided herewith, and that this Agreement is signed for the business entity by its appropriate duly authorized Officer(s) or Individual(s). To encourage METRO to issue METRO Business Debit Cards on behalf of your business, the undersigned Authorizing Officer(s) or Individual(s) unconditionally guarantee(s) payment and performance not merely of collection but of all amounts owing under this Agreement (Obligations). If the business fails to pay any outstanding obligations when due, such Authorizing Officer(s) or Individual(s) shall promptly pay all amounts due upon demand. This guaranty is irrevocable as long as any obligations remain unpaid. All waivers by METRO shall be in writing.

BUSINESS TYPES

SOLE PROPRIETORSHIP

A sole proprietorship is a business which is owned and operated by an individual. The advantages of this form of organization include ease of formation and relative freedom from government controls and restrictions. Disadvantages include less access to capital and financial resources. Also, this form of business organization provides less protection with regard to personal liability (if the owner's company should get into a position of owing more to others than the amount of cash and other assets it has, the owner's personal assets -- home, car, etc. -- may be required to be sold to pay the obligations of the business).

REGISTERING A BUSINESS

Registration as a **SOLE PROPRIETORSHIP or GENERAL PARTNERSHIP**. When a business name is different from the owner(s) full legal name(s), the Illinois Assumed Name Act requires sole proprietorships and general partnerships to register with their local county clerk's office. For example, "John Doe" would not need to file, but "John Doe's Cleaners" would. "Susan Williams and Paula Brown" would not need to file, but "Williams and Brown" or "Williams & Brown Speedy Travel Agency" would. In every county where the business is located, a certificate setting forth the name of the business, the full legal name(s) and address(es) of those owning, conducting or transacting the business and the location(s) of the business must be filed with the county clerk's office. Notice of filing must be published once a week for three consecutive weeks in a newspaper of general circulation published within the county in which the certificate is filed. Also, any changes or additions of names and/or addresses must be reported to the clerk.

GENERAL PARTNERSHIP

A general partnership is defined as two or more individuals carrying on an association as co-owners of a business for profit. Types of partnerships include general and limited. Before starting the company, the partners should agree on how much owner equity each partner must contribute the extent to which each partner will work in the company and the share of the profits or losses to be received by each of them. This agreement should be prepared by an attorney in writing to avoid any future misunderstandings. As with sole proprietorships, a general partnership exposes the owners to personal liability. If the business is not successful and the partnership cannot pay all it owes, the general partners may be required to do so using their personal assets.

LIMITED LIABILITY COMPANY (LLC)

A Limited Liability Company (LLC) is the non-corporate form of doing business that provides its owners with limited liability, flow-through tax treatment and operating flexibility through participation in management of the business. Many Illinois businesses could obtain personal limited liability protection by restructuring as an LLC with a minimum of one owner.

CORPORATIONS

A corporation is a distinct legal entity and is the most complex form of organization. A corporation may sell shares of stock, which are certificates indicating ownership, to as many people as is desirable. The shareholders then elect a board of directors, which elects a president and other officers who run the company on a day-to-day basis. Among the advantages of corporate formation are limited liability of the shareholder and ease of transferring ownership.

Registration as a **CORPORATION**. If the decision is made to incorporate, Articles of Incorporation must be filed with the Secretary of State indicating the purpose of the enterprise. The corporation will be required to file annual reports with the Secretary of State.

If the name of the business will include the word "Corporation," "Inc.," "Incorporated" or "Corp.," you must incorporate.

S CORPORATIONS

Electing S Corporation status is an option that must be made through the Internal Revenue Service (IRS) when starting a business. In general, an S Corporation passes through income and expenses to its shareholders, who then report them on their own income tax returns. To qualify for S Corporation status, a corporation must meet several requirements, one of which limits the number of shareholders to 75.
