So why is it helpful to check your credit reports each year?

METRO's Certified Financial Coaches chime in:

"Checking your credit report each year is a great fraud prevention tactic. Especially if you've been a victim of identity theft, adding a Fraud Alert or Credit Freeze can be helpful to deter future fraud."

- Ryan N.

"Checking your credit report should be as normal as checking your bank statement! It's important to verify that your creditors are reporting your loans and balances correctly. And if they're not, you have the option to dispute the errors."

- Keena B.

To set up an appointment with one of our Certified Financial Coaches, please call us at 847-670-0456, ext. 1.

Give Yourself Some Credit **REPORTS**

Through the end of the year, everyone in the nation can get a FREE credit report EACH WEEK from all three credit bureaus: Experian, Equifax, and TransUnion!

Make sure to check your report for inaccuracies, fraud, or possible identity theft.

If you spot any accounts you don't recognize, visit **IdentityTheft.gov** and report the fraud to the Federal Trade Commission (FTC). And you can dispute any mistakes directly to the credit bureaus:

- Experian - experian.com
- Equifax - equifax.com
- TransUnion - transunion.com

The FTC and credit bureau sites are great resources on all things credit. For more information about understanding your credit, visit FTC.gov/credit to learn about credit reports, scores, and freezes.

Visit AnnualCreditReport.com to check your credit reports for free through the end of the year!
