Don't Fall For One of These Holiday Scams

AS THE HOLIDAYS APPROACH, HERE IS A LIST OF FRAUD TRENDS TO WATCH OUT FOR:

P2P Scams - Tens of millions were defrauded through scams involving digital wallets and person-to-person payment apps. This number may increase as P2P continues to grow in popularity. Use a source you trust, like Zelle from Metro, and only send money to people you know!

E-commerce Scams - It is estimated that shipping fraud has increased nearly 800% worldwide in the past year. Fraudsters commonly target social media platforms, so buyers beware! Read reviews and research the company before doing business.

Employment Scams - Employment-related scams are on the rise since the pandemic. According to the 2021 BBB Scam Tracker Risk Report, employment scams were the second-riskiest type of fraud behind online purchase scams for 18-24 year-old demographics, and third-riskiest for those in the 25-34, 35-44 and 55-64 brackets.

Scholarship/Financial Aid Scams - Following the recent loan forgiveness announcement, there has been a sharp increase in education and student loan scams. Be extra suspicious of calls, texts, or emails you receive about paying off your debt.
